

Quality Policy

TALOS ATTIKIS LTD is specialized in warehousing and transport of goods and especially in pharma products. Having continuous improvement as a key strength, operates according to international quality standards such as ISO 9001:2015, ISO 22000, YA 1348, Annex 5 and Annex 9.

To achieve the above, TALOS will:

Provide resources

Apply a quality planning system

Commit to monitoring all the operation steps

Control the subcontractors

Care for customer satisfaction

Promote self-inspection

Comply with legislation

Set quality goals and monitor the achievements

TALOS employees are aware of this quality policy.

Management commits to providing quality services to all clients.
